

Exodus to Shanghai Update

Exodus to Shanghai receives ecstatic reviews at the premiere screening in the Chinese Theater L.A.

Los Angeles, USA, PR, films London Ltd., 23.11.2015

The premiere screening of Exodus to Shanghai on the 21NOV was a great success, with more than 300 professionals, Jewish and Chinese interest groups, and fans overwhelmed and thrilled with the adventure/love story. From the first scene onwards viewers were captivated, cheering as the Nazis were beaten up, laughing at the comedy and crying with the avengers. Exodus to Shanghai presented the viewers with a new perception of what happened back then, as the antagonists of the film fought for their rights and the privileges of the people, defeating Nazis along the way. Professionals were exceedingly impressed with the work of Anthony Hickox and Michel Adam. The Director of the Holocaust Museum in Washington D.C. was fascinated with the story and happy with the new light that Jews were portrayed, asking films London to screen the movie at his museum. The movie goers left the theater in a good mood and a different outlook on history.
